

Task name		Start date	End date	Duration	October 2020	November 2020				December 2020				January 2021				February 2021				March 2021		
					25-31 (44w)	1-7 (45w)	8-14 (46w)	15-21 (47w)	22-28 (48w)	29-5 (49w)	6-12 (50w)	13-19 (51w)	20-26 (52w)	27-2 (53w)	3-9 (1w)	10-16 (2w)	17-23 (3w)	24-30 (4w)	31-6 (5w)	7-13 (6w)	14-20 (7w)	21-27 (8w)	28-6 (9w)	7-13 (10w)
		2020-11-06	2021-03-12	126d																				
1	<div><div></div>Product Development</div>	2020-11-06	2021-03-01	115d																				
			2021-02-04	91d																				
1.1	<div><div></div>Cycle 0</div>	2020-11-06	2020-12-10	35d																				
1.1.1	<div><div></div>Determine project to be worked on</div>	2020-11-06	2020-12-10	35d																				
1.2	<div><div></div>Cycle 1</div>	2020-12-11	2021-01-13	34d																				
1.2.1	Develop user research questions	2020-12-11	2020-12-14	4d																				
1.2.2	Develop user research questionnaires	2020-12-15	2020-12-18	4d																				
1.2.3	Gather initial user research	2020-12-19	2020-12-22	4d																				
1.2.4	Review questionnaire findings and modify plans	2020-12-23	2020-12-26	4d																				
1.2.5	Implement initial framing of MVP - high dev cost, low UI cost	2021-01-10	2021-01-13	4d																				
1.3	<div><div></div>Cycle 2 / Jira GL Sprint 1</div>	2020-12-13	2021-01-17	36d																				
			2020-12-27	16d																				
1.3.1	Develop initial low-fidelity prototypes from user research - digital wireframes	2020-12-13	2020-12-16	4d																				
1.3.2	Conduct user interviews with prototypes	2020-12-31	2021-01-03	4d																				
1.3.3	Review interview findings and modify plans	2021-01-04	2021-01-07	4d																				
1.3.4	Deploy MVP changes from cycle 1 UXD	2021-01-14	2021-01-17	4d																				
			2021-01-08	16d																				
1.4	<div><div></div>Cycle 3 and 4 / Jira GL Sprint 2 and 3 and 4</div>	2021-01-08	2021-01-31	24d																				
			2021-01-23	16d																				
1.4.1	Develop high-fidelity prototype from user research - initial version of app itself	2021-01-08	2021-01-11	4d																				
1.4.2	Continue to add functionality to MVP to reflect minimum requirements	2021-01-18	2021-01-31	14d																				
			2021-01-20	4d																				
1.5	<div><div></div>Jira GL Sprint 5</div>	2021-02-01	2021-02-13	13d																				
			2021-01-20	16d																				
1.5.1	Conduct user interviews and UMUX questionnaire with current app version	2021-02-01	2021-02-04	4d																				
1.5.2	Discuss user responses and prioritize required MVP changes	2021-02-05	2021-02-05	1d																				
1.5.3	Deploy MVP changes including deployment of a theme for the app (based on user feedback)	2021-02-06	2021-02-13	8d																				
1.6	<div><div></div>Jira GL Sprint 6</div>	2021-02-14	2021-02-20	7d																				
1.6.1	Port existing app to new theme scaffold	2021-02-14	2021-02-16	3d																				
1.6.2	Add functionality to MVP to reflect minimum requirements, especially in context of new app theme	2021-02-17	2021-02-20	4d																				
1.6.3	Run user tests including questionnaire and observations to test new app and functionality	2021-02-17	2021-02-20	4d																				
1.7	<div><div></div>Jira GL Sprint 7</div>	2021-02-21	2021-02-28	8d																				
1.7.1	Add functionality to MVP to reflect user feedback and new app theme	2021-02-21	2021-02-28	8d																				
1.8	Lock app code for report writing	2021-03-01	2021-03-01																					
2	<div><div></div>Report Writing</div>	2020-12-03	2021-03-12	99d																				
			2020-12-17	14d																				
2.1	<div><div></div>Midterm Report</div>	2020-12-03	2020-12-17	14d																				
2.2	<div><div></div>Final Report</div>	2021-02-15	2021-03-12	25d
